

Basic Detail Report

Vessel

Date

684-756 CE

Medium

Glazed ceramic

Description

Sancai ware is a distinctive product of the High Tang period (684-756). Green and brown glazes were applied over a clear-glazed white clay to create tricolored

ceramics. Sometimes an indigo color was added, but such pieces still go by the name Sancai ware. The most masterful works blended the glazes together to great effect.

Dimensions

10 1/4 × 8 3/4 in. (26 × 22.2 cm)
