

Vessel

Date

206 BCE - 9 CE

Medium

Burnished blackware ceramic

Description

A Jar from the Western Han Dynasty (206 BCE - 9 CE). This type of pottery was probably produced in Western Sichuan, an area inhabited by non-Han Chinese peoples. Thermoluminescence testing conducted on this object has confirmed its age and authenticity.

Dimensions

13 3/4 × 12 × 7 in. (35 × 30.5 × 17.8 cm)
