

Basic Detail Report

Spear

Date

20th Century

Medium

Wood

Description

A dark brown wooden spear carved to a point with smooth rounded shaft. The object was collected from the

Melanesia area and dates back to the 20th century. The top portion of the shaft is wrapped in stiff flat fiber around the top; a 1/2" of that section is woven. The spear point is tapered and the body is carved into uneven rigid segments.

Dimensions

43 × 1/2 × 1/2 in. (109.2 × 1.3 × 1.3 cm)
