

Basic Detail Report

Canoe Bailer

Date

20th Century

Primary Maker

Massim

Medium

Wood and paint

Description

Canoe bailers are used to remove water that canoes take at sea. As with all other elements of kula canoes, bailers are carved with complex, meaningful designs.

Dimensions

4 × 15 1/2 × 5 in. (10.2 × 39.4 × 12.7 cm)
