

# Basic Detail Report

---

## Club

**Date**

mid 19th - early 20th Century

**Medium**

Wood

**Description**

There is a great deal of variation found in Australian clubs. Although this club is short, it would have still been effective. Such clubs were most often thrown rather than used as a bludgeon. The fine fluted lines seen on this club were intentionally made to enhance one’s ability to grip it.

**Dimensions**

23 1/8 × 1 1/2 × 1 3/8 in. (58.7 × 3.8 × 3.5 cm)
