

Basic Detail Report

Shoulder Yoke

Date

20th Century

Medium

Wood and metal

Description

This object is a shoulder yoke, or carrying pole, used frequently by Asian and western European cultures to

carry large, equally weighted loads by hanging them from either side of the pole and balancing from the center on one's shoulders. This particular example likely comes from Indonesia or China and is made from a dark, red wood with metal fittings, including three hanging loops at each end.

Dimensions

60 5/8 × 2 1/4 × 2 7/8 in. (154 × 5.7 × 7.3 cm)
