

## Helmet

### Date

20th Century

### Primary Maker

Lotuko

### Medium

Human hair, clay, brass and ostrich feather

### Description

This helmet was made by the Otuho (or Lotuko) people of South Sudan. Beneath its brass and ostrich feather exterior is a base of woven human hair and clay which allows the helmet to fit more comfortably and securely on the wearer's head.

### Dimensions

14 × 9 × 7 in. (35.6 × 22.9 × 17.8 cm)
